

Top of Austria - Großglockner

...with skis on the highest mountain of Austria 3798m

The magnificent mountain world of the national park Hohe Tauern is a real paradise for ski touring enthusiasts. In addition to the Grossglockner with 3,798 m, there are another 300 peaks with more than 3.000 m to the national park. During our two-day tour with an anticyclic tour start on Sunday, we will have the power and the grandeur of this mountain world. The distinctive peak of the Großglockner is a worthwhile destination for every tour traveler, especially as the picturesque scenery and our lodging, the Stüdlhütte at 2.802 m, leave nothing to be desired. For the physical well-being the friendly hosts, who will spoil us with delicacies from the kitchen. The summit ascent on Monday makes this tour a very special experience.

Program:

Day 1:

Welcome, material check and start. We start with touring skis through the Ködnitz valley. Over the Luckner hut at 2,241 m, we reach the Stüdl hut at 2.802 m after a further 600 meters of altitude. After dinner, we will talk about the expedition for the summit tour on the next day and explain the stages.

Ascent 900 m

Day 2:

Around 07:00 am we start over the Ködnitzkees (glacier) to the Glocknerleitl, depending on the conditions we will either ascend to the Erzherzog-Johann-Hut (Adlersruhe) or directly to the Glocknerleitl. Depending on the snow conditions, we will make our ski depot between 3.520 m and 3.640 m. With crampons safely on the rope of the mountain guide we will tackle the snow flank which runs up and over the east ridge to the Kleinglockner (3.770 m).

A breathtaking view into the Pallavicini gutter and on to the Stüdl ridge shows us the way to the Obere Glocknerscharte (3,766 m). The last ascent to the peak leads over rock and ice to the Großglockner 3798m. After an extensive rest, we descend to the ski depot from where we will ski down on an absolutely thrilling descent to the Luckner Hut and on to the Lucknerhaus. Here we will review the tour once again before we start the journey home,

Ascent 1000 m - descent 1800 m
